FREESTAR

**YOU MAKE THE MOMENTS.
WE GET YOU THERE.**

Parties, picnics, parking lots. Diners, daily drives, drop-offs. In between the errands and organized events, there's this little thing called life. And it's meant to be lived. Fortunately, Ford Freestar is here to help you make the most of every moment.

One minute, Freestar comfortably transports 7 passengers, supplying clever storage for everyone; the next, it's a cargo-hauling genius powered by an available 4.2L V6 engine, the largest you can find in a minivan. Spot the perfect chaise? Take it home – on the spot. Spy an interesting sky full of stars? Snuggle up in Freestar's innovative rear-facing Tailgate Bench Seat.™ Then, take in the sights without missing a twinkle.

Life moves on. Experience it in Ford Freestar.

BUILT FOR THE ROAD AHEAD.

PAMPERING ZONE

SIT BACK AND UNWIND.
WE'LL SURROUND YOU IN LUXURY.

Start each day behind the leather- and wood-trimmed steering wheel of a Freestar Limited. You'll sense the calm the minute you settle into its available leather-trimmed, 6-way power-adjustable, heated front seats. The gentle hug of the adjustable lumbar helps support you through every fun-filled curve. A cleanly designed instrument panel greets you with large, easy-to-read gauges and easy-to-reach buttons, including convenient steering wheel-mounted speed controls and audio system adjustments. And to keep you on schedule, a stylish analog clock provides a tasteful centerpiece. To create the most comfortable environment for everyone, Freestar Limited provides individual temperature settings for the driver and front passenger. 2nd-row climate controls also put rear-seat occupants in charge. Great sounds abound, compliments of a standard single-CD player, an available CD/cassette player, or a 6-disc in-dash audio system, with automatic volume control and rear-seat adjustments. If your passengers need a little power, Freestar Limited responds with four 12v outlets: 2 in front, 1 in the 2nd row, and 1 in the rear cargo area.

SECURITY & STOWAGE

RELAX. WE'LL INSTILL PEACE OF MIND, BACKED BY 5-STAR FRONTAL CRASH SAFETY.

When it comes to safety and security, Freestar has a solid reputation. It's been named a "Best Pick" by the Insurance Institute for Highway Safety. It also earned the government's highest frontal crash test safety rating – 5 Stars (2004-2005). For ultimate well-being, Freestar's available Safety Canopy™ System provides one of the best protection packages available today. This comprehensive front-to-rear coverage includes side-curtain airbags, front-seat side airbags and a rollover sensor. In certain types of collisions, the rollover sensor directs the side-curtain airbags to deploy. These airbags stay inflated longer, enhancing head protection for outboard passengers. They also help to keep passengers inside the vehicle. Helping out the driver and front passenger in milliseconds is the Personal Safety System®. Its inner workings include dual-stage airbags, safety belt pretensioners and no less than 12 safety sensors. The AdvanceTrac® electronic stability enhancement system is available for some really serious control.
